FOR CLEANER STREETS

The City Council Declares War on Tobacco Users.

NEW PAVING BLOCK FOR FIFTH

Error Discovered in Paving Bonds Makes Necessary New Issue—Important Council Session.

The city council declared war on tobacco users, at Tuesday night's meeting. Sidewalks will be kept clean or arrests will follow. The paving of Fifth street was given an impetus, and numerous other matters of municipal import discussed.

President Weisner and Messrs. Zugschwert, Dencer, Brink, Tish, McCormick, Powelson, Wisenburg, Holmes, Shaw and Pharion were present when Clerk Wimmer called the roll. After the minutes of the previous session were read Mr. Shaw presented the first business of the session, reporting that Contractor Kissner stated he could not secure a delivery of Harris pavers for Fifth street before the latter part of December. To expedite matters Mr. Shaw moved that Metropolitan blocks be substituted, a resolution that was unanimously adopted. The Metropolitan blocks cost but a cent or two per square yard more than the Harris block. Work will proceed at once. Chairman Weisner questioned the quality of curbing being used on the same street, expressing a fear that it was too brittle. Other members gave assurance that each stone would be carefully inspected before placed in position. The usual quota of bills were authorized to be paid, including pay for special police for election day and halloween.

Mr. Dencer called attention to the filthy condition of many of the sidewalks in the city on account of the use of tobacco. He branded it as an intolerable nuisance, in which he was supported by others. On motion of Mr. Shaw the police were instructed to enforce the ordinance covering the point. The mayor was instructed to notify property owners on Lee avenue to build sidewalks where curbing has been established.

Paving assessments on property facing both on Chestnut and Main were roundly discussed and finally referred to a committee. The assessment on such properties will be cut down to the legal limit in such cases.

Sixth street residents will be notified to desist throwing ashes over their back fences on Cherry.

In the matter of the extension of Eleventh street, Mr. Holmes reported that appraisers had been appointed and were at work on the project.

The bonds for the Main, Chestnut and South Lawn paving improvements were reported to be printed wrong, thereby necessitating a new issue. An effort was made to fix the blame but it was unavailing. The error is simply in the numbering of the bonds. The matter was left in abeyance.

Council adjourned to meet probably at the call of the president in special session in order to secure the passage of several ordinances before the new code takes effect. Every member of the council was provided with a copy of the new codification of the city ordinances, the work of Burt F. Voorhees, handsomely bound by Broome & Herbig.

WEHRLI FREE

Coshocton County Man Serving Life Sentence at Liberty.

Henry Wehrli, who was sent up from this county April 30, 1892, to serve a life sentence, was pardoned from state's prison yesterday.

Wehrli was a miner in the Cassingham mines in Tuscarawas, and killed a man named Booth Christmas morning, 1890, while in a heated quarrel. He was first sentenced to death and the sentence was afterward commuted to life imprisonment. A consistant effort has been made among the man's friends to obtain his freedom.

He will remain a few days as assistant to the warden of the prison. Since his imprisonment he has become an expert bookkeeper and friends have secured for him a lucrative position in another city that he will accept next week.

MAD DOG VICTIMS.

Lennon's Injuries Not Serious—Manner of Treating Cases.

W. H. Bachart returned Tuesday from Chicago where he went with the Coshocton patients to the Pasteur institute. He reports that they will have to remain fifteen days and take two treatments of a minute each every day. He says there are at present twenty-five patients in the hospital, and six of these from one family.

Auditor Lamberson received the following telegram from Infirmary Superintendent Howard Lennon, who was bitten by an alleged mad dog, last week, and is taking treatment at the Pasteur Institute at Chicago: "Received treatment this morning. Doctor thinks not dangerous. Phone infirmary."

Through his attorneys, C. B. Hunt, of Coshocton, and Samuel Robinson, of Newcomerstown, Thomas Huston has filed suit in the common pleas court of Tuscarawas county against the Tuscarora Steel company, of Newcomerstown. Vance's Parkersburg Speech.

President John L. Vance struck the key note of the meeting when he delivered his annual address to the convention of the Ohio Valley Improvement association at Parkersburg yesterday. He said that its purpose was to devise means of improving the Ohio river and its tributaries, for the improvement of its tributaries is as important as that of the Ohio proper, for the improvement will not be complete till the entire system, including the tributaries is dammed. The construction of the Isthmian canal will necessitate changes in the plans already made for the improvement of the river and a nine foot stage will be necessary instead of a six foot stage as at present contemplated. Then boats can be located at the headwaters of the Ohio and transported without reloading to the Eacific coast, by way of the Ohio, Mississippi, Gulf of Mexico and Isthmian canal. Ae called attention to the supreme importance of the work before the convention and to the necessity of keeping up the agitation after adournment and quoted from President Roosevelt, who in a speech in Cincinnati last September said that "The nation must continue to do its part in helping the prosperty of the entire Ohio valley, by seeing that the policy of improvement of the Ohio river is continued."

The Coshocton delegates are expected home tonight.

PATIENT LIFE IS ENDED

Laura Glover Simmons Called to Eternal Home.

WILL BE BURIED AT OAK RIDGE

Coshocton Friends Mourn the Loss of One Of Exceptionally Sweet Nature and Temperament.

Mrs. Laura Glover Simmons died at her home in Springfield, O., Tuesday night at 8 o'clock, after a long but futile struggle against consumption. The mortal remains were brought to this city this afternoon and taken to the home of her father, Cuthbert H. Glover, at Reservoir Farm whence the funeral services will be held Thursday at 2:30 o'clock, the burial to be at Oak Ridge cemetery.

As Laura Glover nearly every one in Coshocton knew and loved her. She possessed a disposition of remarkable sweetness and beauty. Unselfish and with a heart overflowing with tender sympathy for all human kind, her solicitation was always more for those about her than for herself. Her patience and cheerfulness through her long illness was a beautiful triumph of Christian fortitude.

Her early life up to the time of her marriage was spent in this city. She was a graduate of the class of '85 of the Coshocton high school and was for a number of years leading soprano in the Presbyterian choir. She has passed the winters for several years in Florida, seeking in vain the resources of climate and medical skill, until a little more than a year ago, when it was decided that there could be no farther benefit from so doing and she returned to Springfield that she might spend the remainder of her days surrounded by family and friends.

Born November 18, 1866, she became the wife of Harry L. Simmons in 1891. The union has been blessed by two bright, winsome children, Carol aged 9 and Clark aged 7. The bereaved husband and children have accompanied their loved one to her old home, and her final resting place near those who knew her first and best and to whom her memory will ever be a hallowed treasure. Aside from the legions of friends who mourn, there are left behind a devoted father and mother and her own loving little family; a sister, Mrs. W. T. Knight, of this city, and brothers, Charles J. Glover, of Mansfield, Rev. Clark Glover, of Shortsville, N. Y., and Lewis Glover who is traveling in the south. The warmest sympathy goes out to the bereaved ones from Mrs. Simmons' old Coshocton friends.

IMPRESSIVE SERVICES

Funeral Rites Observed Over Body of Charles Spangler.

Impressive funeral services were held this morning over all that was mortal of Charles Etherington Spangler at 10 o'clock, at his late residence at Fourth and Chestnut. Rev. Dr. Toland preached the funeral sermon and was assisted in the services by Rev. Mr. Hamilton. The Elks attended in a body. Immediately after the ceremony the funeral cortege proceeded to the Pan Handle station where the body was taken to Cincinnati for incineration. The pallbearers were C. F. Gosser, T. L. Montgomery, R. F. Timmons, Geo. A. Hay, Louis McClain and C. B. McCoy. Mrs. Spangler and her little son, Etherington, were accompanied on their sad journey by her sister, Mrs. Washburn, of Chicago, her cousin, Howard Lucock, of Cambridge, Mr. and Mrs. F. E. Pomerene, Rev. Dr. Toland, W. R. Pomerene, Miss Katie Fink, C. F. Gosser, C. B. McCoy, H. D. Beach, R. F. Timmons and Lewis McClain.

After the incineration the ashes will be placed in an urn. The party expect to return to this city Thursday evening on No. 26. The interment will be made with short services Friday morning in the family lot in South Lawn cemetery. Seemingly a presentiment, Mr. Spangler had three months ago made complete arrangements for his funeral, the details of which Mrs. Spangler has most carefully complied with. Mr. Spangler's cousins, Miss Florence King and Mr. James Hamil, of Newark, were in attendance at the obsequies.

ASSAULTED THE MAYOR

Fry Becomes Obstreperous and Resists City Authorities.

Mike Fry was flourishing a revolver around the Park hotel Tuesday evening and the guests were in a high state of excitement when Mayor Rinner happened in. The mayor ordered him to dispose of the gun. Fry assured him it wasn't loaded and promised to leave it at home. He did leave the weapon in charge of of the bartender at the Mecca, but did not discontinue his threats. He became troublesome at the Park hotel at noon today and the authorities at city hall were notified. Fry was found near the Mecca and Turnkey Decker placed him under arrest, but Fry resisted. Mayor Rinner took a hand in the fray and succeeded in quelling the offender by choking him, but received a blow under the eye before he had quieted him. Fry had two partners who helped him and one of these made his escape. Fry and the other one were taken to city hall and will have a hearing tomorrow morning.

FOR THE CITY'S SAKE.

When the victorious American armies entered the cities that for years had been under Spain's misrule, muskets were stacked and brooms brought forth. It was a campaign of cleanliness. The wonderful advance made in the sanitation of Manila and Havana is pointed to with pride by every American as a mark of the highest form of civilization. That cleanliness is next to Godliness has long been an adage of our fathers and that it is one of civilization's chiefest adjuncts is one of the important discoveries of the nineteenth century.

The municipal governing body of this city, the common council, has declared against the filthy condition of the sidewalks on Coshocton's principal streets, many of them made well nigh impassible for ladies by the incessant and omnipresent expectoration of tobacco chewers. It is an inherent right of every man to chew tobacco or hasheesh if he wants to, but it is just and right that a city declare against the use of public sidewalks as municipal cuspidors. Section 157 of the revised ordinances of the city of Coshocton declares that

"Whoever shall, within the corporate limits of this city, expectorate upon any sidewalk, street crossing or walk in this city, shall be deemed guilty of a misdemeanor, and upon conviction before the mayor be fined not less than one or more than ten dollars for each and every offense."

Common decency, without the threat of arrest, should be sufficient guidance for every resident of Coshocton. On no sidewalk in town will a person be very far from the curb.

While they are about it the council might build some much needed sidewalks as a sort of expectorative temptation.

Millionaire Challenged to Duel.

St. Louis, Nov. 12.—Peter Arlund a promoter of Louisville, has challenged Colonel M. C. Wetmore, millionaire and former tobacco magnate to a duel. Sunday night Arlund and Wetmore had some difficulty in the lobby of the Planters' hotel, during which blows were exchanged. The challenge to a duel is the result of that altercation. Arlund, in the challenge which was mailed to Colonel Wetmore, states that he is not an American citizen but a soldier lieutenant marine of the Danish army and demands that Colonel Wetmore do battle with him with a sword, gun or pistol. Nothing has been heard from Colonel Wetmore regarding the challenge.

MILLIONAIRE SHERIFFS.

Ten of Them Will Guard the Peace of a New York Suburb.

Ten millionaires, with [illegible] in their right hands and [illegible] army revolvers in their [illegible] will hereafter guard the peace of Scarsdale, N. Y., in the night hours, says a special dispatch from New York to the Philadelphia Press. [illegible] were sworn in as deputy sheriffs [illegible] day. Their business is to see that highwaymen and beggars get short shrift in that much talked of town. Scarsdale, a suburb where wealthy New Yorkers live, has been [illegible] the past month. There have been [illegible] robberies, [illegible] thefts, a [illegible] railway station and attempted murder of the station agent.

In response to a call there was a mass meeting of the residents a few nights ago. The village folk and New York summer residents combined to protect the town. The proposition to offer a reward of $1,000 for the arrest and conviction of the malefactors who have disturbed the township for the past few weeks was carried by a unanimous vote. Then the ten richest men of Scarsdale were chosen as deputy sheriffs, and they accepted the places. Each night they will patrol the town streets.

IMPROVE OHIO RIVER.

Congressmen of Three States Indorse Canal Plan.

A TRAIN WRECKED FOR ROBBERY.

Humane Authorities Claim Father of a Society Leader Lives In a Cellar. Ran For Clerk but Was Elected Common Pleas Judge—Other News of the Buckeye State.

Parkersburg, W. Va., Nov. 12.—At the meeting of the Ohio Valley Improvement association [illegible] Valley explained [illegible] of the association for a system of locks and dams in the Ohio river which [illegible] a stage of [illegible] the entire length of the river and their construction at the same time so that the system may be completed within [illegible] years. It is estimated the system will cost $[illegible]. He said the Ohio has more freight tonnage than any other waterway in the world and has the cheapest freight rates. Congressmen Grosvenor of Ohio, Dovener of West Virginia, Hemenway of Indiana, Taylor of Ohio and Rhea of Kentucky spoke in favor of the proposed legislation and the immediate improvement of the river. They agreed to give their hearty support to the plan.

A monster petition will be circulated through the Ohio valley for signatures, asking the president to recommend the improvement to congress. Governor White will recommend a resolution favoring it by the legislature of West Virginia.

The committee on resolutions agreed upon resolutions which will be presented to the association, requesting congress to change the plans for damming the Ohio river so as to secure a 9-foot stage of water all the year; to make sufficient appropriation to complete the work from Pittsburg to Cairo in eight years; to follow this work with the damming of the tributaries as soon as possible and to keep the river free from obstructions. The resolutions will doubtless pass as reported.

Wrecked For Robbery.

Hamilton, O., Nov. 12.—Sensational facts were brought out at the inquest in the death of the three men killed in the recent collision between the Chicago express on the Cincinnati, Hamilton and Dayton railroad and a cut of seven wild freight cars which escaped from a freight train on a switch at Oxford. The testimony showed that the brakes on two of the freight cars were carefully set. There seems to be no doubt therefore that the brakes were deliberately released by unknown persons for the purpose of causing a wreck. It is believed that robbery was the motive, as thieves appeared at the wreck almost at once.

Elected to Wrong Office.

Columbus, O., Nov. 12.—A proposition that was quite new to Secretary of State Laylin was presented by M. A. Brown of Pike county. Brown was the Democratic candidate for clerk of the county. His name appeared regularly on the ballots for that position, but on the tally sheets sent out by the county board of elections his name appeared as a candidate for common pleas judge. No judge was to be elected. Brown received a majority of all the votes cast, but the records show that he received them as a candidate for judge.

Boy Slavery Claimed.

Canal Dover, O., Nov. 12.—R. H. Nugent, superintendent of the county children's home, has received in his care two colored boys, John and Henry Smith, 12 and 14 years old. The father having left the family, it is alleged the mother sold the boys to work for a colored man for a money consideration. The story was learned by officers, who brought the boys to the home.

Lived In a Cellar.

Marietta, O., Nov. 12.—The humane authorities of this city have found, according to their statement, that Henry Jackson [illegible] living [illegible] in the basement of the home of his daughter, Mrs. Charles [illegible] one of the social leaders of this city. Jackson was formerly a [illegible] but he sold his estate a few years ago and came here.

Seriously Shot.

[illegible] Nov. 12.—While [illegible] was shot [illegible]

[illegible] Killed.

[illegible]

Aged Man Drowned.

[illegible] Nov. [illegible]—C. F. Grosvenor, [illegible] was [illegible] fell from [illegible] and was drowned.

Reward For Robbers.

[illegible] Nov. 12.—The condition of [illegible], the [illegible] was shot by safe [illegible] remains practically [illegible] and there is little hope that he will recover. The Mason county officials have offered a reward of $500 for the arrest of the robbers.

Strike Differences Settled.

[illegible] Nov. 12.—The trouble at the [illegible] mine of J. S. [illegible] the men refused to return to work unless taken back in a body, has been satisfactorily settled and the mine will be started up at once. The settlement was effected at a conference. All men with the exception of [illegible] will be reinstated by the company. The [illegible] will be taken [illegible] as soon as the company finds room for them. The company has also agreed to give the employes occupying its houses such time in which to pay their back rent and coal bills. About 450 men are employed at Silverbrook. The Coxe employes have submitted a counter proposition to that given by President Stearns in answer to its original demand. The nature of the proposition has not been divulged, but there has been no settlement of the trouble at the Coxe mines.

Stabbed the Engineer.

Wabash, Ind., Nov. 12.—Elijah Rodibaugh, one of the oldest passenger engineers on the Big Four railroad, narrowly escaped death at the hands of a man who reported his name as Charles Eastman of Jeffersonville. The man stepped on Rodibaugh's engine just before leaving time and insisted on riding to Indianapolis. Rodibaugh asked him to get off, and the man, with an oath, began stabbing the engineer, inflicting a half-dozen wounds, from which blood gushed over the cab.

May Go to St. Louis.

Chicago, Nov. 12.—An informal meeting of the promoters of the Olympian Games association was held at the Chicago club to discuss the conflict in the date fixed for the games and the St. Louis exposition. It was decided to call a meeting of the directors of the association soon, at which time a final decision as to a postponement of the Olympian games or their transfer to St. Louis will be reached. These present favored careful consideration of the application before final decision.

Thirty-Nine Injured.

New York, Nov. 12.—An explosion of illuminating gas in the cellar of a 7-story double tenement wrecked a store on the ground floor and injured 39 persons, several being severely hurt. Among the injured were 14 firemen and one policeman. Those most severely injured were Battalion Chief William Guerin, Fireman John Gough and Policeman John H. Darrow. The explosion followed a slight fire caused, it is said, a by a plumber who was working in the cellar.

Indiana Man Appointed.

Washington, Nov. 12.—A cable dispatch received at the war department from Governor Taft announces that he has appointed Elmer B. Bryan, formerly of Bloomington, Ind., superintendent of education for the Philippines. The appointment was requested by the Filipino schoolteachers. Mr. Bryan has been superintendent of the city of Manila schools.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

Mrs. Laura S. Webb.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I dreaded the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

Hate Emperor William.

Berlin, Nov. 12.—Upon the occasion of a recent congress at Wurtburg of the Bavarian Peasants' league, Herr Memminger declared Emperor William to be the best-hated man in the empire, and said his majesty could no longer reckon upon the support of the peasantry if he persisted in his Anglophile policy. Young Woman Killed.

Albany, N. Y., Nov. 11.—Anna Mitchell, 17, employed by Captain Adrian W. Mather at Loudonville, has been murdered. She left her employer's house early in the evening to visit her parents, whose home is about a mile distant. Her body was found in a field in the rear of Captain Mather's home with the head crushed in. No weapon of any kind was found near the body. An autopsy revealed that fact that Miss Mitchell had been criminally assaulted before the murder was committed. Her skull was fractured and the entire left side of her face was shockingly cut and mashed, apparently with a club. There was also a hole above the right eye the size of a silver dollar. Detectives Nolan and Wilson of the Albany detective force lodged in the central police station Fred Knapp, a farmhand, charged with the crime.

THE MELLOW, HAZY DAYS.

Poem by Bishop J. L. Spalding, Member of Coal Strike Commission.

Oh, glorious autumn woods, whose myriad hues
Uplight the face of earth with richer glow
Than may be seen when spring's sweet flowers blow
And wear the jeweled crown of pearly dews!

How tender, pure the thoughts which you infuse
Into the soul, bringing the long ago,
With all its memories of joy and woe,
Until the vision the whole heart subdues!

So soon the mellow, hazy days shall die,
The frost shall crisp your many tinted leaves,
And howling blasts with all their glory fly,
And you shall stand like one whom death bereaves,
Outstretched trembling hands to the dark sky,
Which gives no sign however much he grieves.

HINDOO BABA'S MISSION.

Bharati Wants to Convert Americans to the Worship of Krishna.

Baba Premanand Bharati, who says that he has come over here to convert the United States to the worship of Krishna, the god of the Hindoos, arrived at New York the other day on the White Star liner Oceanic, says the New York Times. The baba is a big man, over six feet in height, and he wears the conventional black clerical garb, with the exception of a light yellow silk turban, which rendered him conspicuous among the crowd on the pier.

"We worship Krishna," said the baba. "Krishna was born 5,000 years ago and is a perfect incarnation of God. We have about fifty converts in your country, and I am going soon to Chicago, where by instructions and lectures I hope to increase the number. I am coming to New York after Christmas and shall remain here six months, doing the same work.

"I was a journalist, but am now connected with the monastery at Muttra and have been sent out here by the monks. The people there are very good and humble. Strike them, and they will smile; steal from them, and they will bless you. They haven't much to steal, for all they carry is a stick to protect themselves from the monkeys.

"I am writing a book on mysticism in the Himalayas. Kipling has treated of the same subject, but my book, while it may not be so good a one as Kipling's, will be more accurate, as I have all my information first hand. I have also written a book called 'Impressions of London.'"

The baba is a vegetarian, and in his monastery the monks eat but once a day, at 8 o'clock in the evening.

BAER FILES ANSWER.

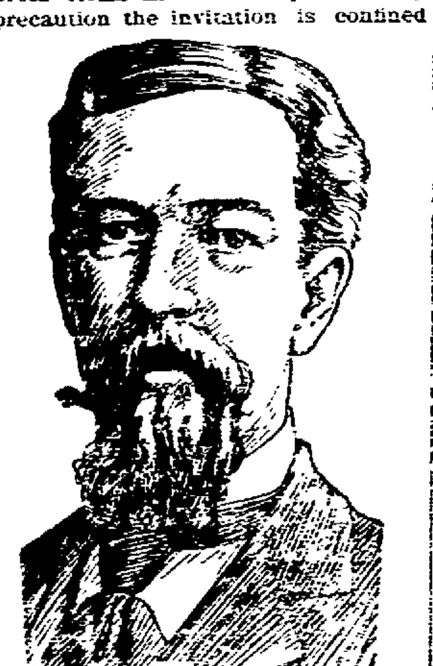

Allegations Made by President Mitchell Are Denied.

CLAIMS MINERS GET GOOD WAGES.

Operator Refuses to Recognize President Mitchell In His Statement and Questions Scope of the Investigation. Charges Mine Workers' Union With Attempt to Injure Mines.

Washington, Nov. 12.—The reply of President George F. Baer of the Philadelphia and Reading Coal company to the statement of the miners' case, as given to the arbitration commission by President John Mitchell, has been received by Carroll D. Wright, recorder.

In the reply no reference is made to Mr. Mitchell as a representative of the mine workers' union. He is referred to simply as an individual. The scope of the inquiry is called in question by the reply, which avers that the jurisdiction of this commission is limited to the conditions named in the statement of the coal company's presidents by virtue of which the commission was appointed, and that by express terms as well as by necessary precaution the invitation is confined

GEORGE F. BAER.

to matters affecting its employes and excludes the United Mine Workers of America from any part or recognition in the proceedings, recommendations or decisions of this commission.

In his reply President Baer states that the demand for 20 per cent increase in wages on piece work is "arbitrary, unreasonable and unjust," and maintains that all necessary allowances are being made, and denies that the scale is lower than that in bituminous fields. Further he states that the earnings are not insufficient because of the dangerous character of anthracite mining, and holds that their wages are not less than those in other trades requiring skill and employment. In his sixth specification he states that President Mitchell's sixth item is too vague for specific answer, but in a general way states that the mining regions are of the most prosperous section in the United States.

In the seventh section he pronounces as unjust and inequitable the demand for a reduction of 20 per cent in hours of labor without a reduction of earnings for time employes, and this demand is pronounced impracticable. In this connection the following statement is made: "Because of the injury to the mines by the strike of the United Mine Workers, the cost of producing coal has been greatly increased and a temporary advance in price was made by this company, but it will be impracticable to continue such increase when mining operations become normal."

Mr. Baer asserts that his company has had no disagreement with its employes over the weighing of coal, as it is measured and not weighed. He says that since the advent of the mine workers' organization, which he states is primarily a bituminous coal organization, the conditions have been intolerable, discipline of the men has decreased and the output of the mines lowered; that the cost of mining has increased, strikes have been of a daily occurrence, and that the men have worked when and as they pleased.

No boys are employed about the mines, says the reply, and no place in the world in any mining region have the workmen so many comforts and facilities for education. Men were forced by threats and intimidation to cause a suspension of work, and by threats and violence endeavored to cause the pumpmen and engineers to leave their employment, the United Mine Workers' organization well knowing that if the pumps were not kept going the mines would be greatly injured.

The reply concludes with stating that the company says that it does not and will not discriminate against workmen belonging to the United Mine Workers of America or any other labor organization, so long as they perform satisfactory work and behave as law-abiding people should; but that the company will at all times employ any person it sees fit and will not permit any labor organization to limit the right of ... to the members of its organization.

MARKED THE TOMBS.

Confessed Ghouls and Detectives Visit Cemeteries.

IDENTIFIED DESECRATED GRAVES.

The party was composed of Detectives Asch ... and Recorder ... Sheehan, Veterinary Surgeon ... Wilson ... and grave-robbers Cantrell ... Cantrell was unable to recollect the names of the others, and said there had been grave-robbers there in whom he had no connection. The ... found ... as the graves were robbed, were marked with a lead pencil, but the rains have entirely effaced the lines. Lick Creek cemetery ... more than any of the others, ... it was found that the bodies of ... had been taken from their graves, besides those of several whose names could not be ascertained. It was found positively, however, that the bodies of Meredith McMullin, his brother Edward Jones and Mrs. Penny Whitfield were stolen and disposed of to the medical colleges. At the Green Grove cemetery it was found that the body of Frank Bennett had been stolen, besides that of an old soldier, who was buried in his uniform and whose name is thought to be Truesdale. The bodies of Henry Crest and S. Millspaugh were found to have been taken from the South Ebenezer cemetery. The graves of Redmond Kelly and those of a mother and daughter whose names are unknown were opened in the Round Hill cemetery. Cantrell said that while he could not recall their names, they died at the same time and had a double funeral. They lived on Hoyt avenue near Olive street. At Cherry Grove cemetery, the last one visited, it was found that a number of graves had been tampered with.

Finland Famine.

Helsingfors, Finland, Nov. 12.—The Finlanders are showing restlessness as a result of the Russianizing measures of the St. Petersburg government. Self-restraint is beginning to yield to a willingness on the part of a portion of the population to tolerate acts of violence. Such acts have hitherto been severely frowned down. Another serious indication is the beginning of closer relations between Finlanders and Russian revolutionists, a consummation devoutly wished for by the latter, but hardly to the taste of Interior Minister Von Plehve. It is believed the altered temper of the people is partly due to the terrible famine in the north, which is worse than any since 1867, when 100,000 people died of disease and starvation. The crops failed to ripen. The grain cut green makes miserable unhealthy bread. In places bread is also being baked of bark.

Judge's Salary Insufficient.

Minneapolis, Nov. 12.—Judge John F. McGee of the district bench has sent his resignation to Governor Van Sant, to take effect at once. The reason given by the judge for his action is the insufficiency of the salary. He says that the increased cost of living has practically reduced the salary of the office from one-third to one-half, and that it is wholly inadequate.

Engineers Reinstated.

Shamokin, Pa., Nov. 12.—All underbosses who went out with the pumpmen and engineers during the recent strike have been reinstated at Philadelphia and Reading Coal company's collieries in the Shamokin-Mt.Carmel region. One thousand miners are still idle here because of mines not being in good working condition.

PRESIDENT GOES SOUTH.

After Speaking at Banquest Leaves For the Hunting Ground.

New York, Nov. 12.—The ceremonies in connection with the dedication of the new home of the chamber of commerce were brought to a close by a banquet given by the chamber in honor of the guests of the occasion. Among the guests of honor were President Roosevelt, Prince Heinrich Von Pless, the representative of the German emperor: Sir Michael Henry Herbert, the British ambassador; M. Jules Cambon, the French ambassador; Secretary of War Elihu Root, Secretary of the Treasury Leslie M. Shaw, General MacArthur, Governor Benjamin Odell, Mayor Low and Rear Admiral Albert S. Barker. A telegram of regret was received from Count Cassini, the Russian ambassador. After congratulatory cablegrams had been read President Roosevelt delivered the principal address of the evening. The address was followed with close attention and frequent applause, and at its closing the assembly rose and cheered. Speeches were also made by Ambassador Cambon, Sir Michael Henry Herbert, Sir Albert K. Rollit, M. P., Prince Henry of Pless, Mr. Heckman, vice president of the Berlin chamber of commerce; W. P. Wood, president of the London Corn Trade association, and Mr. Hugot, representing the French chamber of commerce.

President Roosevelt, who delivered the principal address at the chamber of commerce banquet, left the Waldorf-Astoria hotel for Jersey City. At that place he boarded a special train bound for Memphis, traveling by the Pennsylvania railroad to Pittsburg.

Railway Strike Off.

Chicago, Nov. 12.—The wage controversy between the railroads and the Brotherhood of Railway Trainmen, which for a time threatened to tie up all the principal switching terminals in Chicago, was amicably adjusted at a conference between the railroad managers and officials of the brotherhood. The settlement was reached on the basis of a compromise. Seventeen of the railroads signed the new agreement, and the Santa Fe, the other road involved, will sign soon. The men will receive an increase of about 12 per cent. In their demands, which were submitted several weeks ago, the men asked for an increase of 2½ cents an hour to helpers and 3 cents to foremen. This was refused by the switchmen. At the last meeting the railroads submitted a proposition offering an increase of 3 cents an hour to helpers and 4 cents to foremen. After several hours' deliberation the proposition was accepted by the men.

EXPECT NAVAL BATTLE.

Colombian Warships Seeking a Conflict With the Revolutionists.

Panama, Nov. 12.—The captain of a sailing vesecel which arrived here reports having met the government gunboats Bogota and Chucuito off San Carlos. These vessels left here Saturday in search of the revolutionary fleet. The captain also reports having sighted a disabled schooner with 200 revolutionists on board in tow of the revolutionary gunboat Padilla, which was proceeding in the direction of David. The revolutionary gunboats are reported to be in Montijo bay where an engagement between them and the government vessels may be expected. The capitulation of the revolutionary general Uribe-Uribe, which occurred last month at Rio Frio, has been approved by the national government. A decree reducing the government's army in the department of Santander is about to be issued. The revolutionists in the Casanare district have surrendered. The death is announced of the rebel leader, General Aristobulo Ibanez.

KING COAL IN SOCIETY.

Anthracite Article Used For Decoration at Luncheon.

A singularly successful function recently given that has the charm of both novelty and timeliness was a hard coal luncheon, says the St. Louis Republic. The guests were received in a room where hard coal burned in the grate. In the luncheon room there was also a small open fire. The centerpiece was an ingenious adaptation of an Italian brazier, where a few hard coals smoldered throughout the repast. At each plate were favors of pound packages of coal in ribbon tied bonbon boxes.

In the afternoon the guests were entertained by the inspection of a cabinet filled with unusually fine specimens of hard coal, each lump being labeled with the name of the mine whence it came and the approximate date of the specimen's discovery.

Mascagni Stopped the Train.

In illustrating Composer Mascagni's idiosyncrasies his manager told how he brought a fast train to a sudden stop just outside of Montreal recently. The express was running at high speed when Mascagni pulled the emergency cord, and the cars stopped so quickly that the passengers were thrown from their seats. The maestro later explained to the irate conductor that he was not in the habit of riding so fast and didn't like it. "Go slower," he commanded. "I want to die in my own country and not in your terrible America."

A Bonbon Box Novelty.

The new bonbon box of the season is a football. It is a small affair, the color of a football. The top of the cover has a football scene, a player kicking the ball, the pennant in the scene being of silk and flying out from the top of the box. These pennants are in different colors for the different colleges.

Murder and Suicide.

Kansas City, Nov. 12.—Dr. W. H. Kimberlin, a prominent citizen and a prominent oculist, was shot and killed in his office by John Scanlon, formerly a policeman, who then shot and killed himself. The bodies of both men were found in the doctor's office. Dr. Kimberlin was shot three times, and both must have died instantly. Scanlon, who is the brother of a prominent politician, asserted, it is said, that Kimberlin had caused him to lose his eyesight. Scanlon left a note on the dresser in which he had written, "Notify my brother at city hall I did this because he destroyed my eyes."
